Dear Students and Parents,

As the Chairperson of DPS NTPC Vidyut Nagar, I would like to share a simple yet profound thought: Embrace every opportunity to learn and grow. In every challenge lies an opportunity for growth, and in every set back, a chance for resilience.

I am proud to mention that our school has consistently achieved excellence in various fields, and it is committed to continuing this success in the years to come also. The Principal of this institution, Ms. Poonam Dua strongly believes that the emotional and intellectual faculties of the students are continuously being developed to enhance their life skills. I also strongly believe in not only pursuing recognition but in educating a positive and inspiring atmosphere within the student community, guided by our core values.

I look forward to witnessing your achievements, your growth, and your positive impact on the world.

From the Pro-Vice Chairman's Desk

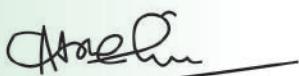

Dear Students and Parents,

As we begin another exciting academic year, it fills me with immense pleasure and pride to reflect on the continuing value of education at DPS NTPC, Vidyut Nagar. We strongly believe that only "Quality Education" can lead a person to the isle of accomplishments and social obligations. Over the years, the school has proved itself to be a role model to many other schools in the field of education. The school is dedicated to promoting an environment where students can thrive, discover their passions, and realize their full potential.

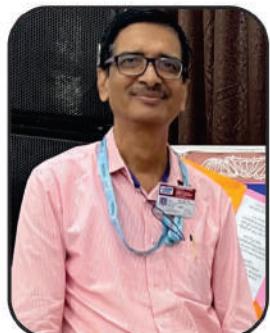

The learnings of the school persist throughout life. The more we learn, the more we are cognizant of our ignorance. The quest for learning opens our brain for exploring the universe. Success is the sum of small efforts, practiced continually. A focused approach brings success in life. With focus on both scholastic and co-scholastic development of a student, we aim to be the change-maker for a better future. This is reflected not only by the academic results of its students but by the accomplishments of its alumni who are sharing various obligations in Government, Public and Private sectors.

These beliefs and realities are the pillars of our educational philosophy, inspiring both students and teachers to engage in a continuous journey of growth and achievement.

Warm regards,

Abhoy Kumar Mishra
Pro-Vice Chairman
Delhi Public School, NTPC Vidyut Nagar
